Exide Energy Solutions Limited has proposed to establish a manufacturing unit of “Li-ion cells, modules and pack”, with an investment of Rs.6002 crore, generating employment to about 1400 persons in 83.65 acres of land at Hi-Tech, Defence and Aerospace Park Phase-II, Devanahalli Taluk, Bengaluru Rural District.

Exide Industries Limited is engaged in manufacture and sale of lead-acid storage batteries and Home UPS of diverse brands including EXIDE and SF. The Company has ten factories strategically located at different locations of the country. Through continuous innovations and collaborations, the Company has become one of the largest manufacturers and exporters of batteries in the sub-continent, manufacturing the widest range of storage batteries in the world, from 2.5 Ah to 20,6000 Ah capacity, to cover the broadest spectrum of applications. The extent, spread and volume of the Company's operations can be summarized from the facts, that it sells one battery every second and at any point of time, there are ten crors of users of its goods. The Company helps in storing power across five continents and also in driving mining locomotives

four kilometers inside the earth and harnessing solar energy in the Himalayas at 15,000 feet. The Company's proprietary in-house Research and Development is recognized by the Department of Scientific and Industrial Research, Ministry of Science and Technology, Government of India.

The Company supplies over 60% of India's automotive and industrial battery needs in India and is also the only company in India and one of the few companies in the world to manufacture submarine batteries. It has a presence in more than 60 countries and exports batteries to more than 60 countries across six continents. It has more than 75 Original Equipment Manufacturer (OEM) partners and is the OEM supplier to almost every car manufacturer of repute in India.

In the 92<sup>nd</sup> Land Audit Committee meeting held on 29.01.2022, the representative of the company appeared before the committee through V.C and highlighted the project proposal and requested for allotment of 80 acres of land at Phase-2 of Hi-tech, Defence and Aerospace Park, Devanahalli Taluk, Bengaluru Rural District.

The representative of the company also informed that the company is engaged in sale of lead acid storage batteries and Home UPS of diverse brands including Exide and SF. This is one of the largest manufacturers and exporters of batteries in sub-continent.

The Committee noted the request of the company, land utilization details and after detailed discussions, resolved to recommend to SHLCC for approval of the project of M/s Exide Industries Limited to establish a unit for manufacture of "Li-ion Cells, Modules and Pack" and KIADB to allot 80 acres of land at Phase-2 of Hi-tech, Defence and Aerospace Park, Bengaluru Rural District.

The proposal of the Company placed in the 58<sup>th</sup> State High Level Clearance Committee (SHLCC) meeting held on 18.04.2022 for discussion and decision. The Committee noted the details of the project proposal and recommendations of the land audit committee. It was decided to allocate required land in the same industrial area instead of the land with plot numbers requested by the company.

Government has examined the recommendations made by the 58<sup>th</sup> SHLCC Meeting, in all aspects.

4. Further, it is stated that the land parcels abutting the lake in the said project are affected by the NGT order and only after the said NGT order was quashed by the Hon'ble Supreme Court of India, company could make the progress in buying the remaining land parcels.
5. It is stated that due to the NGT Order dated 04.05.2016 holding that no development or construction activities be carried out within 75 – meter from the lake buffer zone has caused inordinate delay.  
NGT order was set aside by the Hon'ble Supreme Court wherein the Supreme Court had overruled the National Green Tribunal's order of having a 75 – meter lake buffer zone by holding that 30 Meter buffer Zone as prescribed by the RMP was held valid vide its Judgement dated 05.03.2019 and The company has a big relief of the Project.
6. There was considerable delay of about 2 years in purchase of land parcels due to COVID-19 and prevailing Pandemic infections, subsequent lock downs and restrictions
7. The company has tied-up with an international company by duly signing the term sheet for establishing a software tech park of international standard in the project with substantial investment
8. The project will provide employment opportunity to more than 5 lakh educated and skilled youths.
9. The subject land is in the Industrial Hi-tech Zone as per the Master Plan 2015 of BDA.

10. It is stated that the subject land parcels are abutting the mega development of IT corridors and parks namely RMZ Tech Park and Embassy Tech Park, Wipro Corporate Office and also abutting Boganahally and Kaikondarahally villages falling under the Hi-Tech Industrial zones wherein KIADB was the Approving Authority for Plan sanction and construction activities and the Project land parcels are also coming under Industrial Hi-Tech zone and abutting the above. Hence the company has requested to consider the KIADB shall be the approving authority for the sanction plan and all construction activities for the present project also.

Company has stated that the present project shall be developed within the prescribed norms and guideline of the National Green Tribunal and competitive Authorities in the implementation of the Project.

Letter have been sent from KUM to the Commissioner, BDA on 19.01.2022 seeking opinion on the NGT order & request of company to consider KIADB as the Planning authority for plan approvals etc since the subject land is adjacent to KIADB land.

Letter has been sent from KUM to CEO, KIADB on 19.01.2022 seeking opinion on the request of company to consider "KIADB to act as the competent authority for approval of the development plan & building plan for their project".

Letter has been sent from KUM to M/S Lex Plexus, Advocates/ Legal Counsel on 19.01.2022 seeking opinion on the NGT order dated 04.05.2016 & subsequent decision of Hon'ble Supreme Court of India dated 05.3.2019 & its applicability on the subject matter of M/S GM Infinite Dwelling (India) Pvt. Ltd.

**The Law firm M/S Lex Plexus, Advocates/ Legal Counsel has opined as follows:**

Since various builders / developers and other stake holders were aggrieved by the said order dated 04.05.2017 passed by the NGT, the same was challenged before the Hon'ble Supreme Court in Civil Appeal No. 5016 of 2016 along with other connected matters and the Hon'ble Supreme Court vide its Order dated 05.03.2019 set aside the order dated 04.05.2016 passed by the NGT, in O.A. No.222/2014.

Thereafter, the Commissioner, Bhruhat Bengaluru Mahanagara Palike (BBMP) vide Office Order dated 19.03.2019, bearing No.HeNiNaYo/PR/1084/2018-19 has clearly stated that the buffer zone prescribed by the NGT has been set aside and set that while issuing plan sanctions, etc, the existing RMP rules are to be followed.

Hence, since the buffer zones as stated by the NGT have been set aside by the Hon'ble Supreme Court, it is the buffer limits as per the revised RMP 2015 that is in force as on date.

In view of the same, M/s. GM Infinite Dwelling (India) Pvt. Ltd has no impediment to acquire the lands by taking 30 mtrs. As buffer zones for lakes and hence a reasonable time limit maybe fixed for M/s CGM Infinite Dwelling (India) Pvt. Ltd. to acquire the land, while granting any extension of time for completion of the project.

Subjects are placed for discussion in the LAC that amendment request for Extension of time by 3 years to implement the project & KIADB to act as the competent authority for approval of construction plans

### **Recommendation of 93<sup>rd</sup> LAC meeting held on 02.03.2022:**

Representative of Company has requested for approval of the following:

1. Change of activity from "Integrated Township with Tech Park, Shopping Mall, Hospitals, In-house Residential Apartments & clubs etc" to "Industrial Tech Park for IT / ITES".
2. KIADB to be the Competent Authority for layout plan and Building Plan approval
3. Extension of time by 3 years to implement the project.

### **The Committee noted the opinions of:**

1. M/s Lex Plexus, Advocates / Legal Counsel submitted on 03.02.2022 that the NGT order dated 4.5.2016 & subsequent decision of Hon'ble Supreme Court of India dated 05.3.2019, the company has no impediment to acquire the lands by taking 30 mtrs as buffer zones for lake
2. In response to letter sent to Commissioner, BDA on 19.01.2022, BDA vide its letter dated 02.03.2022 has opined as follows:-

"As per zoning regulations of RMP-2015 maximum area required for Integrated Township is 40 hectores (100 acres) and in subject proposal, the extent of land is less than 100 acres and it can be rejected.

The committee deliberated on the request of company that KIADB to be the Competent Authority for layout plan and building plan approval.

CEO & EM, KIADB has opined that KIADB has in the past, in few cases on the approval of SLSWCC /SHLCC has considered such requests.

In the Industrial Policy 2020-2025 Column 8.1 2.1.3 regarding the Private Industrial Parks the following facts are to be noted.

- The private developer can acquire land for development of sectoral parks in own land for development of Industrial Parks subject to compliance of land use pattern in the approved Master Plan by LPA.
- KIADB bye laws to be followed across all Integrated / Multi / Sectoral / Logistics in Industrial Park & facilities.

In the Industrial Policy **Column 8.1 2.1.3.3** regarding Approvals / Permissions

- SLSWCC/SHLCC permit sublease of lands by Private developers, while approving the project.
- Layout plans / Master Plan shall be approved by KIADB and the developer may take up phase-wise development and shall carry out plot allotments only after basic infrastructure facilities have been implemented. Building plan for individual units will be approved by KIADB.

Further the Committee noted that this is the first private industrial tech park project proposal being considered under Karnataka Industrial Policy 2020-25.

In view of the above facts, the committee resolved to recommend the following requests of company to SHLCC:

1. Change of activity from “Integrated Township with Tech Park, Shopping Mall, Hospitals, In-house Residential Apartments & clubs etc” to “Industrial Tech Park for IT / ITES”.
2. Extension of time by 3 years to implement the project.
3. With regard to the request of the company that KIADB should act as the competent authority for layout plan and building plan approval, the Committee resolved to seek directions of the SHLCC as this is first such case after the New Industrial Policy came into force and any decision taken in this case will become a precedent for all future cases.

The Planning Authority constituted under KTCP Act is entrusted with the functions of granting approval for any development on the land within its jurisdiction including the land acquired and allotted by the Board under KIAD Act. Per contra, the enactment of KIAD Act is to make special provision for securing the establishment of the industrial area in the State and for that purpose to establish Industrial Areas Development Board. The provisions of both the Acts make the intention of the legislature very clear. As rightly submitted by the learned senior counsel for the appellant that if there are two possible interpretations of an enactment, one should avoid the construction which would reduce the legislation to futility and should rather accept the broader interpretation. A statute is designed to be workable and the interpretation thereof by the court should be to secure that object. In so far as the “industrial area” allotted by KIADB, the interpretation given by the High Court to the provisions of KTCP Act would render the existence of the planning Authority like the appellant to futility.

While on the one hand, the High Court has directed the first respondent to obtain permission from the Planning Authority under KTCP Act and that the appellant-Authority to scrutinize those plans only to ensure that they are in conformity with the Regulations etc. At the same time, the High Court is saying that the appellant – Authority cannot collect the betterment fees. In our considered view, such findings are contradictory to each other and cannot be sustained.

The High Court held that KIAD Act being a Special Act, the same will prevail over KTCP Act which is a General Act. KTCP Act is applicable to all the developmental activities in respect of any land coming within the area of Outline Development Plan (ODP) and the lands in question even though situated in industrial area comes within the area of ODP of the Planning Authority. The developmental activities over the said land have to be carried on only with the permission of the Authority and both the enactments have to be harmoniously construed so as to give effect to each of the Acts enacted by the State Government.

The question to be considered in this regard is whether KIAD Act is a special enactment and KTCP Act a general Act and whether the maxim “Generalia Specialibus Non Derogant” is applicable as held by the High Court. Rule of interpretation says that a statute is best interpreted when we know why it was enacted, which can be seen from the preamble of an Act. As discussed earlier, as per the preamble of the KIAD Act, it is an Act to make special provision for securing the establishment of industrial areas in the State of Karnataka and generally to promote the establishment and orderly development of industries therein. KTCP Act on the other hand, as we have pointed out earlier, was enacted to provide for the regulation of planned growth of land use and development and for the making and execution of town planning schemes in the State of Karnataka.

Thus, considering the legislative intent of the two enactments, it is seen that there is nothing in the KIAD Act to destroy the authority of the Appellant which has its own assigned role to perform under the provisions of the KTCP Act. Considering the object and purpose for which both the Acts were enacted, there is no inconsistency or overlapping between the two enactments and the power of authorities constituted under the Acts. As the areas of operation of KIAD Act and KTCP Act are wholly

different, there is no question of applicability of the maxim Generalia Specialibus Non Derogant."

#### **KIADB letter dated 16.03.2022**

KIADB vide its letter dated 16.03.2022 has provided opinion as follows.

The said is a private property and not a part of KIADB layout or KIADB acquired properties. Hence KIADB is not authorized to sanction the building plans for the said property. Also the proceedings of the Govt. of Karnataka dated 17.09.2021 does not recommend the organization to follow KIADB Zonal Regulations in any clause. The said property belongs to the BDA limits, hence the competent authority to sanction the development plan and the building plan is Bangalore Development Authority.

The proposal of the Company placed in the 58<sup>th</sup> State High Level Clearance Committee (SHLCC) meeting held on 18.04.2022 for discussion and decision. **Preamble:**

The project proposal of M/s. Jaykay Cement Limited at Muddapur (Metagud) Village, Mudhol Taluk, Bagalakote District with an investment of Rs.300 crore was given approval vide Government Order read at (1) above.

M/s. Jaykay Cement Limited revised their investment proposal to enhance their plant capacity from 2 MTPA to 2.5 MTPA with 25 MW Power Plant and submitted it to Government for approval. SHLCC in its meeting held on 28.08.2006 approved the revised investment plan and issued Government Order vide read at (2) above. Subsequently M/s. Jaykay Cement Limited revised the above proposal to enhance the plant capacity to 3 MMTPA with change in the name of the company as M/s. J K Cement Works. The proposal was discussed and approved in the 20<sup>th</sup> SHLCC meeting held on 05.01.2010. Accordingly, Government Order read at (3) above was issued.

Further, Vide Government Order read at (4) above and subsequently corrigendum issued to the above said Government Order. M/s. J K Cement Limited was permitted to purchase additional 688 acres of land U/s 109 of KLR Act in Muddapur, Halki and Metagud Villages, Mudhol Taluk, Kanasageri, Ningapur, Petlur & Timmapur of Bagalakote District, with an advice to use existing land for production purpose more efficiently.

M/s. J K Cement Limited was granted extension of time to implement the project for further period of three years from the date of issue of Government Order No. CI 53 SPI 2010, dated 07.10.2017 read at (5) above.

M/s. J K Cement was granted extension of time to implement the project for further period of three years with a condition of time will not be considered from the

date of issue of Government Order No. CI 324 SPI 2020, dated 25.11.2020 read at (6) above was issued.

Further, as per decision of 57<sup>th</sup> SHLCC meeting held on 16.11.2021, Government has accorded approval to purchase 80 acres 9 guntas of private land (out of the remaining 203 acres to be acquired) under amended Section 109 of KLR Act. 50 acres 3 guntas at Halki Village (mining lease 2344(A) of Sy.No: 117, 111/4, 111/9, 113/6, 111/3, 111/6, 112/2, 112/3, 112/4, 112/6, 11/2) and remaining 30 acres 6 guntas of land at Muddapur Village (mining lease No 2343(A) of Sy.No: 50/20, 50/13, 50/14, 50/15, 50/16, 58/3, 87/2b, 87/1b, 67/3, 67/4, 48/3) to carry out the mining activity by M/s J K Cements Limited read at (7) above was issued.

Now the Company has submitted a request to approval for the following amendments: -

#### **Amendment – 1 :**

Permission to purchase 445.37 hectares (about 1100 acres) with the consent of land owners U/s 109 of KLR act at different Sy.No of Lokapur, Jalikatti KD, Jalikatti BK and Hanamaneri of the Bagalakote District as approved in Letter of Intent by DMG with an additional investment of Rs.242.89 crore.

M/s J K Cement Works, Muddapur, Bagalkote has allocated 'Hanamaneri Lime Stone Block', in e-auction in which they have emerged as the Preferred Bidder by the Dept. of Mines and Geology (DMG), Govt. of Karnataka as per the letter dated:13-12-2021. Subsequent to this, on making initial deposit of Rs. 6.47 crore, DMG have been issued the Letter of Intent (LoI) dated 31<sup>st</sup> December 2021 from the Department of Mines and Geology.

The lease area of the 'Hanamaneri Limestone Block' is of 445.37 hectares i.e 1100 acres and it covers four Villages namely Lokapur, Jalikatti KD, Jalikatti BK and Hanamaneri of the Bagalakote District. The timeline given by the DMG for taking all necessary approvals, execution of Mining lease etc. is of three years. Accordingly, the company is now in the process of purchase of Land with consent of the land owners for mining activity.

#### **Usage of Limestone extracted from the proposed area.**

The company has proposed that, the limestone extracted from the said Mining Lease will be consumed at their existing plant at Muddapur, Bagalkote District. It is also stated that their existing mines at Halki and Muddapur are already utilized to a certain extent and they have to use the limestone from the new Hanamaneri limestone block as early as possible. They have also planned to start using limestone from the Hanamaneri mines immediately once lease deed is executed with DMG and immediately after they obtain all the clearance and necessary approvals.

The Company has proposed to invest additionally Rs.242.89 crore in the first three years in phased manner and they are planning to start operating new mines from financial year 2024-25 as per the required timeline from DMG.

Now, the company is seeking permission U/s 109 of KLR act for purchase of 445.37 Hectares (about 1100 Acres) with the consent of land owners for the purpose of Limestone mining activity and to setting up the basic infrastructure for limestone extractions etc, based on the LoI from the Govt. of Karnataka.

The details of survey number of the above said land is enclosed. Further, it is to submit that the company has not furnished any consent letters from the land owners and has requested for in - principle approval for the project to take up the process further, with regard to acquisition of land as approved in the letter of Intent by DMG.

### **Amendment 2:**

The company requested for approval to KIADB to acquire 106 acres 33 gunta of land within their approved Mining Lease area at Halki, Metagud and Muddapur Villages, Bagalakote.

M/s J K Cement was given an approval to establish 2 MPTA cement manufacturing plant at Muddapur, Mudhol Taluk with an investment of Rs. 300 crore was approved initially by State High Level Clearance Committee (SHLCC).

Further, the following Amendments have considered by SHLCC

- a. Vide Govt. order mentioned in ref:1 dated 01.04.1997, the revised investment proposal for enhancing the plant capacity from 2 MPTA to 2.5 MPTA along with 25/30 MW Coal based thermal power plant and split grinding unit with a total revised investment of Rs. 750 crore was approved in SHLCC meeting on 22.02.2007.
- b. Plant capacity was further enhanced from 2.5 MPTA to 3 MPTA and purchase of additional land for mining at Muddapur, Halki, Metagud (for which company has mining lease in its name) was approved in 20<sup>th</sup> meeting of SHLCC held on 05.01.2010.
- c. Proposal for purchase of additional land was discussed again in 37<sup>th</sup> meeting of SHLCC held on 27.03.2015 and approval was granted to purchase additional 688 acres of land u/s: 109 of KLR Act in Muddapur, Halki, Metagud Village of Mudhol Taluk and accordingly Government Order No. CI 53 SPI 2010 dated 20.05.2015 was issued.
- d. Proposal for extension of time period and same was examined in the 48<sup>th</sup> SHLCC meeting held on 31.08.2017 and extension for 3 years was approved.
- e. Further in 54<sup>th</sup> SHLCC meeting held on 30.09.2020 extension of time of another 2 years was approved and accordingly the extension was granted till October 2022

As per above SHLCC approvals, the company has already purchased more than 80% of the land of around 1370 acres out of 1505 acres by taking consent of land owners and entered in to sale deed. It has been informed that the unit commenced the production from October-2009 and currently operates/installed with the Capacity 3 MTPA Cement plant 25/30MW Coal based thermal power plant and splitting ,grinding and kiln unit at Mudhol Taluk, Bagalakote District. Further, out of the approved mining lease area, the extent in Halki village is 307 acres and Muddapur Village is 400 acres; to total 707 acres of Mining Lease area (including 28 acres 7 guntas non mining area). Out of this, 20% of the total Mining Lease area, 106 acres 33 guntas (in Halki ML area 67 acres and in Muddapur ML area 40 acres) are very critical for operations of mining activity and highly sought for continuity and survival of the cement plant.

It is stated that even after continuous negotiating with the Land owner's, the company's negotiations are not providing any result as unreasonable and exorbitant prices are demanded by the Land Owners and land owners are reluctant to sell these 106 acres 33 guntas.

Hence, the company requested KIADB for acquisition and allotment of 106 Acres 33 gunta of land within their Mining Lease area at Halki, Metagud and Muddapur Village. Sy. No wise list of the land required to be acquired and for allotment by KIADB is as follows :-

**Muddapur approved Mining lease area (ML No. - 2343 A)**

**With the above, the company is seeking approval for the following amendments:**

1. Permission to purchase 445.37 Hectares (about 1100 Acres) with the consent of land owners under section 109 of KLR act as approved in Letter of Intent by DMG with an additional investment of Rs.242.89 crore at different Sy.Nos. of Lokapur, Jalikatti KD, Jalikatti BK and Hanamaneri of the Bagalakote District.
2. Approval to KIADB for acquisition and allotment of 106 acres 33 gunta of land within the existing Mining Lease area at different sy numbers of Halki, Metagud and Muddapur Village, Bagalakote District.

**Recommendation of 93<sup>rd</sup> Land Audit Committee meeting held on 02.03.2022:**

The representative of the Company appeared before the Committee through V.C and informed that they have already purchased more than 80% of the land of around 1370 acres out of 1505 acres by taking consent of land owners and entered in to sale deed.

As per approved mining lease area in Halki Village is 307 acres and Muddapur Village is 400 acres to total 707 acres of Mining Lease area including 28 acres 7 guntas non mining area. Out of this, 20% of the total Mining Lease area, 106 acres 33 guntas (in Halki ML area 67 acres and in Muddapur ML area 40 acres) are very critical for operations and highly sought for continuity and survival of the cement plant and hence requested for approval of the following:

1. Approval to KIADB for acquisition and allotment of 106 acres 33 guntas of land within the Mining Lease area at Halki and Muddapur Village, Bagalakote.
2. Permission to purchase 445.37 Hectares (about 1100 Acres) with the consent of land owners under section 109 of KLR Act as approved in Letter of Intent by DMG with an additional investment of Rs.242.89 crore at different Sy.Nos. of Lokapur, Jalikatti KD, Jalikatti BK and Hanamaneri of the Bagalakote District.

The Committee noted the above and after detailed discussions decided to recommend to SHLCC for the following:

- Permission to purchase 445.37 hectares (about 1100 Acres) with the consent of land owners under section 109 of KLR act as approved in Letter of Intent by DMG with an additional investment of Rs.242.89 crore at different Sy.Nos. of Lokapur, Jalikatti KD, Jalikatti BK and Hanamaneri of the Bagalakote District.
- With regard to approval for acquisition and allotment of 106 acres 33 guntas of land by KIADB, the company has already acquired 595.32 acres, out of 706 acres 39 guntas of mining lease granted to them in Halki and Muddapur village, with the consent from land owners. Since the company has already made 80% of the acquisition with the consent of farmers, now they are requesting KIADB to acquire the balance 106 acres 33 guntas of land under compulsory acquisition taking into consideration the consent given by the farmers while acquiring 595.32 acres. The Committee resolved to place this request of the company before SHLCC for discussion and decision.

In the 58<sup>th</sup> State High Level Clearance Committee (SHLCC) meeting held on 18.04.2022, the proposal of the Company was discussed and approved.

Government has examined the recommendations made by the SHLCC in its 58<sup>th</sup> SHLCC Meeting, in all aspects.

Hence the following order.
